

Dr. Craig Mackenzie is Head of Sustainability at Scottish Widows Investment Partnership, the £147bn asset management arm of Lloyds Banking Group. He is responsible for integrating sustainability considerations in investment and asset ownership processes across SWIP's portfolios. Prior to this Craig held similar roles at Friends Ivory & Sime and Insight Investment. He is also a part-time lecturer at Edinburgh University Business School where he founded the Centre for Business and Climate Change. Craig is a board director of the Institutional Investors Group on Climate Change, where he plays a leading role in developing and delivering collective investor positions on European climate and energy policy.
