

Biography

Monica Merli

Managing Director
Infrastructure Finance Group
London
44.20.7772.5433
monica.merli@moodys.com

As Managing Director for Moody's EMEA Infrastructure Finance Team, covering utility, infrastructure and project finance sectors, Monica Merli's responsibilities include overseeing the ratings of companies involved in electric, gas and water utilities and infrastructure in the region. Monica Merli has authored a number of rating methodologies for the utility and other infrastructure sectors.

Monica Merli joined Moody's in December 1998 from Dai-Ichi Kangyo Bank, where she worked as an analyst in the bank's credit research and supervision division. Prior to her banking experience, she had more than 5 years of accounting and corporate finance experience with a leading UK Chartered Accountants group.

Monica Merli holds an Economics and Business degree from the University of Florence, Italy, and is an alumnus of the London Business School where she completed the Corporate Finance Programme.
